

PE Kits

Wednesdays and Fridays

Year 5

Issued: Friday 17th

May

Due in: Thursday

23rd May

Eco Homework

The MP for Milton Keynes North Mark Lancaster is running a competition for children in MK schools. He is offering a grant of £2,000 to the winning entry. The competition is to design a solution to an environmental issue. For example, you could design something to combat the rising amount of plastics found in our seas. You might want to:

- Make a model of a new green invention.
- Create a Powerpoint presentation about your idea.
- Record a video of your explaining your eco project
- Write an explanation of your green idea.

Any brilliant ideas will be submitted to Mark Lancaster's competition 😊

Electronic Homework

Please email Homework to Admin@bvsmk.co.uk if you wish to send in homework electronically. NB This is optional.
