

Multiplying or dividing by 10 and 100

0.8	0.04	100	700	110	1.2
0.5	300	800	1200	30	90
60	0.4	1100	10	0.03	1000
0.12	600	0.02	70	500	0.7

You can choose to throw one or two dice, add the die together and then
multiply or divide by 10 or 100. Cover the number you make.

‘Four in a row’ wins the game.
