Mathematics 1	Mrs Tyler's Group – Statistics Activity 2 Mrs Branch's Group – Statistics Activity 1 (Pages 1-7) Miss Wiseman's Group – Statistics Activity 1 (Pages 1-5)
Mathematics 2	Find objects in your home that are these shapes: sphere, cube, cylinder, cuboid, cone. Sit back-to-back with somebody in your family. Choose one of the shapes and describe it. Remember to say how many faces, edges and vertices it has. Can your family member guess the shape correctly? Use a different shape/object and swap over. (Use the 3D Shape poster to help you.)
Writing Task	https://www.youtube.com/watch?v=s8sUPpPc8Ws Read the story of the Gruffalo by Julia Donaldson, or watch it using the above link. Draw your own scary woodland creature and write a detailed description of it. Think about all the different body parts you could describe as well as how it behaves. Challenge: Use some conjunctions and fronted adverbials in your writing.
Word focus	This week's word is 'disappear'. What does appear mean? What does disappear mean? How does the prefix dis- change the meaning of a word? Can you think of any other words beginning with dis- ? Write a list. Challenge: Can you include the word 'disappear' into your description of your scary woodland creature?
Task for the week	Find out about what people living in The Stone Age might have worn. Some information about this can be found in The Stone Age reading comprehension listed above. Design and label an outfit for somebody living during this time. If you want a challenge, have a go at making the outfit out of old materials you have at home.
Challenge for the week (with the family)	Whilst out on your daily walk, or whilst in the garden, look for a pebble/stone. Decorate it using a rainbow of colours and, if you want, write a short message to show your appreciation for the NHS. Leave it out and about for others to see next time you go for a walk, or leave it at the front of your house.
