

## Family board game challenge

Here are some example templates you could use when creating your own board game.

Think carefully about the following things

- What are the rules?
- What equipment will you need to play?
- Will you include questions that need to be answered along the way?
- Will you include any obstacles?
- How is the winner decided?

Please find below some possible templates but if you have your own ideas then you do not need to use these.

Good luck!
