

Measurement

Choose 8 things in your house that you can measure the length of in cm.

Draw a picture and write the length of the longest side underneath.

For example: a book, a pencil, a cereal box...

| | | | |
|----------------------|----------------------|----------------------|----------------------|
| <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| cm | cm | cm | cm |
| <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| cm | cm | cm | cm |

Challenge: use the little square to put the items in order from smallest to largest. Number 1 will be the smallest, number 8 the largest.

Convert the measurement into metres and centimetres.

The first one has been done for you as an example.

Remember, there are 100cm in a metre.

| | Metres | Centimetres |
|-------|---------------------------------|----------------------------------|
| 107cm | <input type="text" value="1m"/> | <input type="text" value="7cm"/> |
| 210cm | <input type="text"/> | <input type="text"/> |
| 350cm | <input type="text"/> | <input type="text"/> |
| 418cm | <input type="text"/> | <input type="text"/> |
| 119cm | <input type="text"/> | <input type="text"/> |
| 200cm | <input type="text"/> | <input type="text"/> |
| 367cm | <input type="text"/> | <input type="text"/> |
| 24cm | <input type="text"/> | <input type="text"/> |
