

# It's all Greek to me!

## **Our Learning Overview**

### **In History, we will be:**

Finding out about the Greek city states of Athens and Sparta.

Exploring the political systems in Athens and Sparta

Finding out about the Persian wars and their impact on Greece

Learning about Athenian life by studying the Parthenon

Investigating the origins of the Olympic Games

Planning and performing our own Greek play

Researching Alexander the Great

Learning about the people of Ancient Greece through archaeological evidence

Learning about the culture of Ancient Greece through archaeological evidence

Constructing a case study of Ancient Greece

### **In Music, we will be:**

Learning about the role of the Greek chorus

Writing our own songs

Performing and recording our own songs

Listening and appreciating traditional Greek music through time

### **In Art, we will be:**

Investigating Ancient Greek art

Creating our own piece of art in a Greek style

Designing and making a Greek pot

### **In Design and Technology, we will be:**

Designing and making packing for our Greek pot

**In Geography, we will be:**

Locating Greece on a variety of maps

Identifying key features of the landscape

Learning about the climate in Greece

**In Science, we will be:**

*Forces and Magnets*

Comparing how things move on different surfaces

Noticing that some forces need contact between two objects

Finding out that magnetic forces can act at a distance

Observing how magnets attract or repel each other

Finding out that magnets attract some materials and not others

Comparing and grouping together a variety of everyday materials on the basis of whether they are attracted to a magnet

Identifying some magnetic materials

Describing magnets as having two poles

Predicting whether two magnets will attract or repel each other

**In International, we will be:**

Identifying the impact that Greek invasions had around the world
