

Magiovinium

Our Learning Overview

In History, we will be:

Discovering why Rome had a republic and an emperor

Finding out about daily life in Ancient Rome

Exploring the impact of Roman invasion on another country

Understanding the cause and effect of the fall of the Roman Empire

Learning about people and culture through archaeological evidence

Recognising the legacy left to us by the Romans

Create a case study about our local history from the Roman occupation to the Norman Conquest

In Music, we will be:

Creating music to reflect Roman life

Identifying a range of Roman musical instruments

In Art, we will be:

Looking at different types of ancient Roman art

Creating our own art in a Roman style

In Design and Technology, we will be:

Designing and making our own Roman musical instruments

Designing and making a roman Viaduct to sail our boats along

In International, we will be:

Exploring the effects of invasion on countries around the world

In Geography we will be:

Naming and locating a range of geographical regions in the UK

Understanding human and physical geography of Buckinghamshire

Understanding human and physical geography of our local area

Identify the position and significance of the Prime/Greenwich Meridian

Identify the position and significance of different time zones

In Science we will be:

Electricity

Identifying common appliances that run on electricity

Constructing a simple series electrical circuit

Identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers

Investigating when a lamp will light in a simple series circuit

Understanding that a switch opens and closes a circuit and its effect

Learning why some materials are good/bad conductors

Learning why some materials are good/bad insulators
