

Bradwell Village School

Newsletter October 2021

Dates for your Diary

Mon 1 st Nov	Children back to school
Weds 10 th November	Parents evening 3.30 – 7.00
Thurs 11 th November	Parents evening 3.30 – 6.00
Tues 14 th and Weds 15 th December	Possible Christmas Carol concert (Covid allowing)
Thurs 17 th December	Christmas Jumper day

Well done to everyone for a really successful half term. It has been lovely to experience some normality. We had several children represent Bradwell Village School at the Cross Country Event on Saturday 16th October. It was a beautifully sunny morning and the children ran well and seemed to enjoy themselves. Year 3 began our year with Creative Fortnight with the focus on the colour Green. The children learnt about St. Patrick's Day and why it is celebrated and made shamrocks using different art materials. We also looked at the story of 'The Enormous Crocodile' and then made our own snappy friends.

Uniform

Please can you ensure all uniform is named and avoid hoodies. On PE days children should be wearing their school jumpers.

Hot School Dinners

Just a reminder that we are planning on introducing hot meals for Years 5 and 6 on Monday 15th November and the following week for Years 3 and 4. Please contact the school office for further information.

Residential

Years 5 and 6 have enjoyed a fun packed week at Liddington, near Swindon. They braved the cold weather, sunshine and rain to climb, literally, to new highs. A big thankyou to all the adults who helped to make this such a success and to the children who were great ambassadors for our school.

News

Chantelle Baldwin will be taking up the position of Acting Deputy Head at Romans Field school from November 1st on secondment. We thank her for all her hard work and wish her all the best in her new endeavour for the rest of the school year.

Parents Evening

Don't forget to book your parents evening appointments for either Wednesday 10th or Thursday 11th November.

Subject Overviews

English

We will be working on descriptive writing, particularly focusing on settings and character descriptions using the rainforest and Charlie and the Chocolate Factory for some of our inspiration. As part of our English lessons we will play lots of word games to help develop our spellings and we will consolidate and practise sentence punctuation. We will also be learning how to make our writing more interesting through the use of adjectives and adverbs.

Maths

In Maths we will develop written methods for addition and subtraction and know how to use these methods to solve word problems. We will also be focusing on the children's understanding of place value and the relationships between numbers and number facts. We will use our Back to Basics sessions to develop rapid mental recall of sequences of numbers, number bonds and times tables. Each week we will either have a problem-solving lesson, where we will learn and practise a range of strategies to solve logic problems, or we will consolidate our written methods. We will also develop our arithmetic skills through our Back to Basics sessions.

Science

Through our learning about the rainforest we will be finding out about the life cycles of plants and what they need in order to live and grow, as well the different parts of flowering plants. We will also find out about how things are seen and learn about reflections, as well as finding out about sunlight and shadows.

Computing

We will be learning about e-safety and what steps we can take to stay safe online. We will be looking at what potential dangers the internet can have and how to avoid them in order to keep safe. We will then look at programming and how to use a programming language to program an animation.

Games/PE

In Games & PE we will learn different skills to help play a range of invasion games. We will also develop the skills used in gymnastics to make, perform and evaluate our own routines and sequences.

Music

In Music we will be learning about different musical styles and instruments can be used to create these. We will then be learning basic instrumental skills by listening to and playing tunes in different styles.

who

RE/PSHE

In RE we will be learning about Christianity and what different signs and symbols mean. We will also learn about the significance of some of the Christian stories. In PSHE we will be learning about new beginnings and how to get on with others. We will participate in Circle Time activities and discussions. We will also be promoting the values of Kindness & Respect.

Topic

This term our topic is '**Its Raining Cats and Chocolate**'.

In **History** we will find out who first discovered chocolate and brought it to Europe. We will also find out why cocoa beans were so important for trade.

In **Geography** we will find out where cacao trees are found, and about different products from the rainforest. We will use maps and atlases to locate rainforests and learn about the positions of longitude and latitude, the Equator and the Tropics. We will also find out why rainforests are being destroyed and how people are trying to save them. We will look at some of the main features of North and South America and compare different regions within Brazil, as well as finding out about how rainforest tribes live.

In **Art** we will look at the paintings and techniques of Henri Rousseau. We will consider how art can be used to create a rainforest scene and make our own. We will learn different sketching techniques and sketch trees.

In **Design & Technology** we will learn how to make chocolate and what can be added to change its flavour. We will design and make a wrapper for a new chocolate bar.

For our **International Links** we will find out what Fair Trade chocolate is and what other Fair-Trade products there are.

HOMEWORK

Maths and English tasks are set every week. Please encourage your child to complete them to the best of their ability. We also give children the opportunity to be more creative through the optional tasks we set.

Children are also expected to practise their timetables and spellings which they will get weekly from their teacher.

Weekly homework should use no more than the double page spread in the homework book. If you need more space, please be creative but do not use the next page.

READING

We ask that the children read on a daily basis. All the children have an appropriate reading book to take home. When they finish their book please encourage them to return it and put it in the 'Returned Books' box. They will then be issued with a new book.

Year 3 Teaching Staff

Mrs Brodie-Shaw (Class teacher 3SH) and **Mrs Gorania**
(Class Teacher 3SG).

Learning Support Assistants **Mrs White** and **Mrs Bedford**

Contact Us

If you need to contact your child's class teacher, we are always available at the gate before or after school. Alternatively, you can email us directly on our class email addresses.

3SG – 3SG@bvsmk.co.uk

3HBS – 3HBS@bvsmk.co.uk

We look forward to a wonderful term of hard work, challenge and celebrating success.

The Year Three team.
