

## **PSHE intent statement October 2021**

### What is PSHE and why do we teach it?

High quality PSHE supports pupils' personal, social, health and economic development. It helps to give pupils the knowledge, skills, strategies and attributes to help them make informed choices and decisions about the different opportunities and challenges life presents.

At Bradwell Village School pupils will learn about relationships, health and wellbeing, keeping safe, managing their off and online lives, living in the wider world and financial education.

Providing high quality PSHE curriculum gives pupils opportunities to ask questions and explore issues that are real and relevant to them in a safe and managed environment.

Our PSHE provision at Bradwell Village School extends beyond the curriculum and includes themed days/weeks, assemblies and creative weeks and fully supports our school's ethos and values.

PSHE is an integral part of Bradwell Village's broad and balanced curriculum supporting spiritual, moral, social and cultural education, equalities and safeguarding. We ensure meaningful cross curricular links are made to enable our pupils to understand how these skills can be applied in everyday life.

Our PSHE provision has been designed to be age appropriate, whilst being sensitive to the needs of our whole school community to ensure PSHE provision gives our pupils an education which supports them now and prepares them for the future. Our PSHE provision is underpinned by the 2010 Equalities duty and provides an inclusive curriculum that promotes understanding and mutual respect for all.
